

# Calculus I and II Equivalencies Among Sending Institutions in the BC Transfer System - Discontinued

**Please Note: Maintenance of the Calculus I and I equivalencies has been discontinued. The information on this page is presented for archival purposes. To find equivalencies for Calculus courses amongst BC Transfer System members, please visit the [Course Search](#).**

The following are considered to be equivalent Calculus I and II science stream courses by their respective institutions. However, when students intend to use the grade of the course for a program requirement or to fulfill a prerequisite, students are cautioned that they may be required to repeat or replace courses for which they have received a low grade. Students who have questions regarding the granting of credit for these courses, or about applying that credit to their chosen program, are advised to check with a departmental advisor at the institution they will be transferring to/attending.
